## KNOX OPENS SENATE DEBATE

## RAIL MEN WILL TAKE VACATION

PLAYS PRESIDENT WILSON AND  
SAYS COUNTRY DEMANDS  
PEACE WITH GERMANY  
AND AUSTRIA

By the Associated Press

WASHINGTON, May 5.—Opening debate on his resolution to declare the state of war with Germany and Austria at an end, Senator Knox declared in the senate today that President Wilson was arbitrarily maintaining that the nation technically was at war in order to coerce the senate into ratifying the treaty of Versailles.

"There was no excuse, whatsoever, for greatly prolonging the war beyond the signature of the armistice," Senator Knox said, "and the only explanation for so doing was the deliberate aim to retain all those autocratic compulsory powers with which the executive had been endowed for the prosecution of the war, in order that they might be used for other purposes."

The welfare and safety of the nation imperatively demands that we now have peace. The whole world seethes with revolution. Our own nation is in ferment and toil. Force and strife are rampant and threaten the destruction not only of our property, but our free institutions and even of our lives. And yet we stand and have stood for months as a rudderless ship, floundering in the trough of tremendous seas.

"We must not dare longer to delay a return to the order of government of peace, we must no hazard a further postponement in turning our undivided deliberations to our home problems. They are great enough to tax the utmost wisdom we possess."

Declaring that he entertained only sympathy for the president in his illness and "sympathy for the country which must suffer under him, because of it," Senator Knox said "it was an unwelcome task to judge one who had fallen in public esteem." He added however, that when danger threatens the nation it must be met fore fronted, and that he "who ventured to intervene against the safe and wise course must step aside or be crushed."

## JOE BAILEY LOSES FIGHT FOR HOME PRECINCT IN TEX.

By News Special Service  
GAINESVILLE, Texas, May 3.—His home ward overwhelmingly defeated former Senator J. W. Bailey in the convention of Gainesville, Precinct No. 1 Saturday afternoon. Every ward in Gainesville also went against him.

Mr. Bailey himself attended the precinct 1 meeting and actively participated as leader of his side. Geo. H. Culp and W. O. Davis led the other.

The convention refused to send to the county convention a delegation headed by J. W. Bailey and instead elected a delegation headed by Geo. H. Culp.

The convention adopted by an overwhelmingly viva voce vote resolutions endorsing the Wilson administration and instructing the county convention to send only friends of the Wilson administration to the state convention.

The only count of voters showed a relative strength of 192 to 85, but the majority against Mr. Bailey in viva voce voting appeared to be more pronounced. There were sixty-six women who answered the check of the roll of qualified voters, but more than this number attended. At one stage the women, together with all on that side shouted, cheered, called to "sit down" and refused to listen to a speech by Judge J. H. Garnett, a prominent Bailey supporter, whereupon Mr. Bailey went over to some women on his side and requested them to leave the convention, which they did.

Geo. H. Culp, who lead the fight against Bailey in his home precinct, owns property in Ada and visited in this city a few weeks ago.

Five Cities Want Guns.

OKLAHOMA CITY, May 5.—Five cities have asked for units of the artillery battalions of the Oklahoma National Guard which are to be organized this year, according to Adj. Gen. Charles F. Barrett. They are: Waynoka, Wewoka, Enid, Alva and Clinton. Lieut. Col. W. S. Key of the old First Oklahoma Infantry, has been authorized to recruit a battery at Wewoka.

Destroyers Leave New York.  
NEW YORK, May 5.—Six destroyers accompanied by the tender Black Hawk, left their anchorage with the Atlantic fleet at 2 p. m. today and sailed for Key West for possible duty in Mexican waters.

UNRECOGNIZED UNION OFFICIAL  
SAYS ROADS OF COTTON  
AND OIL BELT WILL BE  
CLOSED DOWN.

By the Associated Press

WASHINGTON, May 5.—Railroad workers in southern cities are expected to "go on a vacation" today or tomorrow, James Eubanks of St. Louis declared here today at the conference of unrecognized railroad yardmen's association. Mr. Eubanks asserted that this action would close the gateway to the cotton belt and isolate the oil fields of the southwest.

## CARRANZA IS USING PLANES

UNABLE TO CAPTURE REBELS,  
MEXICAN PRESIDENT WILL  
USE AIRPLANES TO HA-  
RASS REBEL-HELD TOWNS

By the Associated Press

WASHINGTON, May 5.—Apparently unable to get under way any offensive military expedition against the revolutionists, President Carranza has begun using planes in the neighborhood of the Mexican capital, according to advice to revolutionary agents here.

The information, through official channels yesterday, that Pablo Gonzales, formerly an ardent supporter of Carranza, had entered the revolution at the head of a detachment of revolting federal troops, also was contained in the rebel advices.

## TWO YEAR OLD GIRL ATTRACTION AT LIBERTY

There's an interesting story connected with the families performing at the Liberty Theater this week. The name of the company is Arthur McLeod's "Isle of Roses."

One of the leading characters in the company is the "shimmy" baby, Mr. McLeod's own child. Her name is Baby Mary and she was born on the Fourth of July 1917. She will be three years old in the coming Fourth. She has been with the company since they opened their tour six months ago at St. Louis and she gets better at each performance. Baby Mary does both solo and double work, and appears in all the dances and choruses put on. She knows all the late popular dances, sings solo songs by herself, and "shimmy" like a professional.

At the performance last night Baby Mary sang a duet with her brother "Bud," entitled "You Know What I Mean?" Her singing brought down the house.

Appearing with Baby Mary, Mr. McLeod has two other children in the performance, Arthur Jr., known as "Bud," aged 9, and a daughter, Loraine, aged 11.

Another interesting part in the production at the Liberty is the Rogers family. Those playing are known as the Rogers sisters. There are four of these young ladies, two pairs of twins. Their mother travels with them as well as a three year old sister who is also an actress, but does not take part in the production. The home of this family is El Paso, Texas. The Rogers sisters are among the prettiest young ladies ever appearing on the stage in Ada.

## LIVELY CONTEST SEEN IN MICHIGAN

By the Associated Press

KALAMAZOO, Mich., May 5.—The chief interest in the republican state convention here today featured in prospects of a lively contest over the tone of the endorsement expected to be given Senator Johnson, as Michigan's primary choice of the presidential nomination. Four delegates at large to the national convention were to be selected and two districts were to name their delegates at caucuses during the day. The other eleven districts had previously held conventions.

"FOR THE COLONEL'S LADY AN' JUDY O'GRADY ARE SISTERS  
UNDER THEIR SKINS"

## WOMEN TAKE PART IN MISSOURI

REPUBLICANS LAY PLANS FOR  
COMING CAMPAIGN. ELECT  
DELEGATES TO NATIONAL  
CONVENTION

By the Associated Press

KANSAS CITY, Mo., May 5.—The republican state convention met here today to elect four delegates at large to the national convention at Chicago, two presidential electors, adopt a resolution outlining the parties view on dominant political issues and lay plans for the coming campaign. Women participated in the deliberations for the first time.

## JOHNSON LEADS IN CALIFORNIA

HOOVER MAKES POOR SHOWING  
AGAINST FAVORITE SON;  
JOHNSON GETS TREMENDOUS VOTE.

By the Associated Press

SAN FRANCISCO, May 5.—Senator Johnson stood today as the preferred presidential candidate on the republican ticket of the voters of California, his native state, according to returns from yesterday's primary from approximately two-thirds of the state precincts. Herbert Hoover was Johnson's only opponent.

Three and one-half hours after the polls closed, Mr. Hoover's California campaign manager conceded that Senator Johnson had won the primary. The votes tabulated this morning stood: Johnson 288,795, and Hoover 158,583.

Mr. Hoover carried three of the 154 precincts represented in the incomplete returns. These included Los Angeles, where he had a plurality of 9,200, with more than half the precincts still to report.

Wilson Forces Will Control.

DALLAS, May 5.—That faction in Texas favorable to the national administration under Woodrow Wilson has been assured of control of the Texas democratic state convention May 25th, as a result of the county conventions held Tuesday.

## LAST MINUTE NEWS

Pecan Shipments Enormous.

OKLAHOMA CITY, May 5.—Shipments of pecans by rail out of Oklahoma last year totaled 3,000 tons, bringing growers more than a million dollars, according to J. A. Whitehurst, president of the state board of agriculture.

Getting Coal in Early.

OKLAHOMA CITY, May 5.—State institutions of Oklahoma are going to take no chances on being cold next winter should there be another coal strike or a shortage of the fuel. Next winter's supply of coal already is being obtained by the various institutions, according to the state board of affairs.

Federal Court in Session.

OKLAHOMA CITY, May 5.—The May term of the federal court was convened here today by Robert L. Williams, federal judge of the eastern Oklahoma district. As no judge has been appointed to sit during the term, it was expected that Judge Williams would adjourn court immediately upon completion of urgent business.

Sugar Theft Discovered.

OKLAHOMA CITY, May 5.—Sugar leaped into the class of valuables here recently when the police reported large thefts from box cars and warehouses. Fifteen hundred pounds of sugar billed to a biscuit company here was stolen from a box car in the yards and several nights later thieves broke into the warehouse of a syrup and bottling company and took 1,400 pounds.

## ADA BOY WINS IN WRESTLING BOUT

One of the attractions with the McGregor carnival shows being given in Ada this week is an athletic show.

At the athletic show Monday night a wrestling bout was held between Toy White of Ada and a wrestler who goes with the show company. The two wrestled five minutes but no decision was gained. Last night the performance was repeated in a 15 minute bout. Still no decision was made and tonight they will try the bout the third time and this time it will go on until a decision has been reached.

Toy White is the son of A. W. White of the White Transfer company and is one of the best athletes in Ada. His friends say he can easily win from the professionals when the bout is held at the tent tonight.

## COX WILL GET KENTUCKY VOTE

STATE CONVENTION GIVES OHIO  
GOVERNOR DELEGATES AT  
LARGE, BUT DISTRICTS GIVE  
HIM LARGE MAJORITY

By the Associated Press

LOUISVILLE, Ky., May 5.—Only Kentucky's delegation at large was instructed last night by the democratic state convention to vote for Governor Cox, of Ohio, "as long as his name remained before the national convention," no mention being made of the 22 district delegations. Governor Cox, however, will have 20 of the states' 26 votes, 16 of the delegates having been ordered by their district to do so. The other 6 are uninstructed.

## BOLSHEVIKS ARE LOOTING KIEV

GREAT CONFUSION AT KIEV,  
PREPARATORY TO ABANDON-  
ING CITY. POLES WILL  
OCCUPY CITY

By the Associated Press

WARSAW, May 4th.—Russian Bolshevik soldiers are reported to be looting houses and stores at Kiev, preparatory to abandoning the city. Advices received here indicate great confusion there.

Polish military authorities plan to occupy Kiev late this week, it is believed.

Teaches a Singing Class.

By the Associated Press

OKLAHOMA CITY, May 5.—Twice a week Jasper M. Allen, district traffic chief of the Southwest Bell Telephone company here, mounts a bench in the operators' rest room and leads more than a hundred girls in singing popular airs.

"It promotes the spirit of fellowship and provides a recreational hour," explained Mr. Allen. He is assisted by R. I. Caughey, general traffic superintendent, with Mrs. Grace McCoy, chief service observer, at the piano.

Vaudeville in the eighteenth century consisted only of popular songs, yet displayed.

## CLAIM ARMOUR PROFITEERED

MEAT BOUGHT AT TEN CENTS  
PER POUND SOLD FOR  
TWENTY-FIVE AND ONE-  
HALF CENTS.

By the Associated Press

BOSTON, May 5.—Profiteering in meat was charged today against Armour and Company and its New England manager, John Wilson. The latter was arrested on a warrant issued by United States Attorney Hayes on evidence submitted by the United States district attorney's office, that lamb bought for less than ten cents per pound, plus freight charges of about four cents per pound, had been sold here for twenty-five and one-half cents.

WASHINGON, May 5.—The flotilla is commanded by Captain Byron Long on the tender Black Hawk, and six destroyers anchored in the Hudson, received orders to sail at noon today for Key West for possible duty in Mexican waters.

WASHINGTON, May 5.—The flotilla is commanded by Captain Byron Long on the tender Black Hawk, and six destroyers anchored in the Hudson, received orders to sail at noon today for Key West for possible duty in Mexican waters.

WASHINGTON, May 5.—The Socialists national headquarters here issued a statement today announcing that there "is no doubt whatever that Eugene V. Debs will be the presidential candidate, even though he is in the Atlanta penitentiary on a 10 year sentence for alleged violation of the espionage act." According to socialist headquarters, a number of communist party leaders have declared for Debs, but the current issue of the official committee organizer states that Debs is unacceptable to that party.

CHICAGO, May 5.—The Socialist national headquarters here issued a statement today announcing that there "is no doubt whatever that Eugene V. Debs will be the presidential candidate, even though he is in the Atlanta penitentiary on a 10 year sentence for alleged violation of the espionage act." According to socialist headquarters, a number of communist party leaders have declared for Debs, but the current issue of the official committee organizer states that Debs is unacceptable to that party.

OKLAHOMA CITY, Okla., May 5.—Elimination of grade crossings in Oklahoma City and the proposition of constructing a union station here were to be discussed at a meeting at the chamber of commerce today which was to be attended by representatives of the various railroads entering Oklahoma City.

J. M. Kurn, president of the St. Louis & San Francisco railroad; Z. G. Hopkins, assistant to the chief operating officer of the Missouri Kansas & Texas railroad, and C. O. Blake, attorney for the Oklahoma lines of the Chicago, Rock Island & Pacific, sent word they would be present. A representative of the Atchison, Topeka and Santa Fe railroad also is expected to attend the meeting.

Colored Man Tries  
To Kill His Wife In  
Darktown Last Eve.

Will Gray created considerable excitement in Darktown early last evening by raising Cain in general and shooting at his wife, Maggie Gray in particular. Just what caused Gray to try to kill, murder and slay the wife of his bosom is not exactly stated, but the peace officers declare that the principal excitant was too much booze. The laws quieted the fracas by lodging Gray in the county jail, where a charge of assault with intent to murder faces him.

Ships to Key West.

WASHINGTON, May 5.—Secretary Daniels today ordered a division of the destroyers now at New York with the Atlantic fleet, to sail immediately for Key West, where they will be held for possible duty in Mexican waters.

Food Budget Increases.

By the Associated Press

WASHINGTON, May 5.—The family food budget for February was nearly twice the sum expended for the same articles of food in February, 1913, according to department of labor statistics.

Wood Leads in Indiana.

INDIANAPOLIS, May 5.—Two thousand and seventy-eight precincts out of 3,381 in Indiana, for republican presidential preference in yesterday's state-wide primary give: Wood 54,305, Johnson 48,912, Lowden 24,097, Harding 13,213.

Notice Rufi-Neks.

Business meeting tonight at 8:00 o'clock, MacThwaite Gas company's office. Full attendance desired.

GUY FULLER, Chief Nek.

Special Music Tonight.

There will be special music at the baptizing at the Christian church tonight. Everybody cordially invited to be present. C. V. Dunn, Minister.

# "NOTHING LESS THAN WONDERFUL" HE SAYS

Gained Twenty Pounds On Three Bottles of Tanlac and Feels Like a Different Man.

"I CAN'T PRAISE IT TOO HIGHLY" HE STATES

Had Long Suffered From Indigestion, Nervousness and Badly Run Down Condition with No Relief.

Dr. W. H. Cole optometrist with offices in the McCleary building and residing at 1227 18th street, Huntington, is still another prominent West Virginian who comes forward with his unqualified endorsement of Tanlac, and when men of this type testify it cannot be doubted that the Master Medicine is all that is claimed for it.

"As far as relieving physical ailments, such as I have suffered from, is concerned," said Dr. Cole while discussing the merit of Tanlac, at his office, a few days ago, "Tanlac in my judgment is the finest medicine on the market. The results I have gotten from it are nothing less than wonderful. I have taken three bottles now for a case of indigestion, nervousness, and a run down condition, and while I don't ask anyone to take my word for it, I am feeling like an entirely different man and have also gained twenty pounds in weight."

"I had no appetite and my digestive and assimilative organs were in such bad shape that what little I did manage to eat seemed to do me no good. I was having so much trouble from indigestion that I was forced to be very careful, at all times, of what I ate and confined myself mostly to the very

lightest of foods. I was also suffering from rheumatism, which, at times made my whole body ache. Sometimes these rheumatic pains were so severe as to completely upset my whole nervous system and render me unfit for anything. My condition was seriously interfering with my practice, as I often felt unable to look after affairs at my office."

"I had tried everything I had any faith in, but got no results and, as so much was being said about Tanlac, I concluded to try it, going on the idea that it would not hurt me if it failed to help me. So I got me some Tanlac and, as I said, it has not only helped me, it has really and truly made me feel like a new man. I believe in giving everything its due and I can't praise Tanlac too highly for what it has done for me."

A dull, dragging feeling of the body, a sluggish mind, dull memory, depression of spirits, nervousness, irritability, stomach trouble, weak back headaches and a tired, rundown feeling, are among the numerous symptoms of a condition from which a surprisingly large number of people suffer. Experience has taught that ninety percent of all chronic ill health is caused by poor digestion and non-assimilation of the food which produces a catarrhal inflammation of the mucous membrane.

Tanlac proved a great benefit to Dr. Cole because it contains certain medicinal properties which combat these very troubles. Thousands are now using this famous medicine in all parts of the United States and Canada, and scores of testimonials are received daily from men and women of unquestioned integrity expressing deep gratitude as a result of having found such a great source of relief.

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

## ARE YOU FAT? IF SO, REDUCE

IF CHICAGO EXPERIMENT IS SUCCESSFUL THE PLAN MAY BE TRIED IN OTHER PARTS OF COUNTRY.

By the Associated Press  
CHICAGO, May 3.—Fat persons all over the United States are watching with great interest the sixty-day experiment in reducing weight which is being conducted here under the supervision of Dr. John Hill Robertson, city health commissioner. Inquiries already received here suggest the probability that if the Chicago experiment is successful it may be tried in other communities.

Success reported in the first week when the average weight of the 24 women composing the first class was reduced by 3.9 pounds has prompted the organization of other classes in this city and altogether more than 200 persons here are trying to see how rapidly they can regain their youthful figures.

The leaders of the fat elimination contest here aver that the experiment can be tried by anyone suffering from a surplus of avoid-

pois. Reasonable exercise and a strictly controlled diet constitute two of the chief features of the Chicago experiment.

The daily menus of the reducing class are prepared by Miss Ruth Wilbar, of the Health Commissioner's training school for nurses, who believes this supervision of diet to be essential to success. Those ambitious to become slim are permitted to have lean meat but once a day and potatoes are forbidden. If one is hungry between meals Miss Wilbar suggests that a glass of water will satisfy that "empty feeling."

Here is a typical menu prepared by Miss Wilbar for one day:

BREAKFAST—One medium apple, one egg, one slice of toast, one cup of coffee with one and a half tablespoons of skimmed milk instead of cream.

10:30 a. m.—One-half cup of bouillon with one cracker.

LUNCHEON—Medium serving of

**JACK DEMPSEY**  
The best known man in the world in 'DAREDEVIL JACK' at the AMERICAN THEATRE Thursday and Friday

lean cold roast beef; two thin slices of rye bread; lettuce and cottage cheese salad; two and one half tablespoons of French dressing; tea with lemon; one cracker.

DINNER—Large serving of boiled cod with lemon; large serving of plain cauliflower; one scant teaspoon of butter; lettuce, salad or celery; one-half an orange; black coffee.

10:30 p. m.—One-half cup hot skim milk.

Each of the women is expected to work an hour a day in her garden—if she has a garden—otherwise to take long walks and setting up exercises.

Daily the women report by telephone and receive instructions, including a diet for the following day. On Thursday of each week they report at the city hall and are weighed, and the week's loss or gain recorded on their charts.

The 24 women in the first class averaged in weight at the start of the experiment, 201.66 pounds, 65.82 pounds more than their average normal weight, and Dr. Robertson says he expects to take approximately 40 of those pounds from each woman.

The leader of the class is Mrs. Nellie Leonard, age 32, a typist, who tipped the scale at 323 but lost eight pounds in the first seven days. Dr. Robertson figured her normal weight at 141 pounds.

Miss Catherine Scott, age 28, also a typist, is the "baby of the class," she weighed in at 166 1-2 and her normal weight was calculated at 121. Miss Scott stands just a half inch above five feet.

The antifat crusade is a serious venture, Dr. Robertson says, aimed to point the dangers and discomforts of excess weight and show the ease with which it can be eliminated.

Tanlac proved a great benefit to Dr. Cole because it contains certain medicinal properties which combat these very troubles. Thousands are now using this famous medicine in all parts of the United States and Canada, and scores of testimonials are received daily from men and women of unquestioned integrity expressing deep gratitude as a result of having found such a great source of relief.

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

### Stock Market

Liberal Receipts of Live Stock—Prices Weak to Lower.

Kansas City Stock Yards, May 3, 1920.—Live stock receipts today at the various western markets were the largest in more than two months past. The increase in the supply was due to improved shipping conditions and the fact that many of the offerings today would have been on the market in April had not the switchmen's strike interrupted the movement. Though demand showed larger volume than early last week, buyers were afforded ample opportunity to operate at steady to lower prices. Cattle were steady to 35 cents lower, hogs 10 to 25 cents, and sheep steady to 75 cents lower. With a decline last week of \$1.50 to \$2.00 in grass sheep and lambs and the market lower today, bovine stock seems

to be seeking a nearer normal level compared with cattle and hogs.

#### Today's Receipts.

Receipts today were 15,000 cattle, 16,000 hogs and 20,000 sheep, compared with 6,000 cattle, 7,000 hogs and 5,500 sheep a week ago, and 13,050 cattle, 14,600 hogs, and 10,500 sheep a year ago.

#### Beef Cattle.

Though cattle receipts were liberal today, improved shipping conditions gave a much wider outlet to the supply than lighter offerings last week and the market was steady for some good to choice steers in nearly all weights and 15 to 35 cents lower on plain yearlings and strong weight classes. Butcher cattle

were steady to 25 cents lower, and calves weak. Good to choice steers sold at \$12.25 to \$13.00, canner cows \$4.50 to \$5.50, fat cows \$8.00 to \$11.25, yearling steers \$11.50 to \$13.10, and heifers up to \$13.50.

In the quarantine division steers sold at \$9.25 to \$10.50. Veal calves brought \$9.00 to \$13.50.

#### Stockers and Feeders.

Prices for stockers and feeders were not changed compared with last week, but the demand was larger. At the same time, receipts were the largest for some time past, and indications are that both incoming and outgoing shipments will soon be normal. Because of lower prices for fat steers a good many prospective buyers are holding off.

#### Hogs.

Hog prices today averaged 10 to 15 cents lower than Saturday and 15 to 25 cents under Friday. The top rice of \$14.00 was paid by packers for light weight hogs, and the bulk of the offerings sold at \$13.75 to \$14.25. The price spread

#### Calves.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

# MORE ACREAGE GOES TO TOBACCO

CROP IN TOBACCO GROWING STATES WILL BE INCREASED FROM TEN TO FOURTEEN PERCENT

By the Associated Press

LEXINGTON, Ky., May 5.—Acreage of the United States to be devoted this year to tobacco raising probably will increase by about 10 percent over 1919, says a review made public by the Department of Markets, University of Kentucky.

"Kentucky will change the least in acreage of any of the great tobacco producing states," the review recites, "while indications are that crop acreage will be increased from 10 to 14 percent in the Carolinas and Virginia, and about 500 percent in Georgia, the latter increase meaning that farmers of Georgia are taking to tobacco as a means of utilizing areas attacked by the boll weevil and now unsuitable for cotton."

Concerning the world tobacco situation, the report which is based on information from authoritative domestic and foreign sources, says foreign acreage seems to have increased very little over 1919, but condition of the crop is greatly improved and this indicates there should be a considerable increase in production.

Reciting that at this time, a year

ago there were vast quantities held in the United States, the bulletin declares that this year about equal, if not greater, stocks are held in the country. "England, Holland and Scandinavia find themselves with markets still glutted with tobacco shipped to them from the United States from August to December 1919, at which time the overplus of tobacco in the United States was lifted and moved across the Atlantic, either for cash or on credit, in order to free this country's markets for the coming selling season. Therefore," the report says, "European countries this year apparently will not demand tobacco in as great quantities as before."

Delving into the probable price of Tobacco for 1920, the report says "with acreage now planned and if a normal yield per acre is produced, the price of all burley, except the highest type of cigarette leaf, should show a marked falling off during the market season of 1920, and even the highest quality leaf may suffer from competition with the Virginia type, if this is produced in anywhere near the quantity indicated by the acreage planned."

Relative to the dark tobacco situation, the survey says, "the present deplorable stagnant market for it is resultant of two factors—the present situation of foreign exchange and the fact that growers were either unwilling or unable to

market their tobacco early in the season.

"France, however," says the report, "is likely to become a heavier buyer of American dark tobacco within the near future, provided that English exchange rectifies itself, because any improvement in English exchange is quite likely to be reflected in an improvement in French exchange rates. This statement does not apply as strongly, if at all, to Italian exchange rates and hence the situation as to an Italian market is not encouraging."

"It does not seem reasonable, therefore, to expect a recovery in dark tobacco prices until those abnormal economic conditions are relieved," the review concluded.

MISSOURI ELECTS HER CONVENTION DELEGATES TODAY

By the Associated Press

KANSAS CITY, Mo., May 5.—Delegates at large who will cast Missouri's four votes in the national convention at Chicago will be elected by the Republican state convention which will assemble here today.

Four alternates, eighteen presidential electors and a national committeeman also are to be elected and resolutions adopted outlining the Missouri party's views on the political issues.

Two of the presidential electors

will be named by the convention and each of the sixteen congressional districts will choose one. Eleven hundred delegates will sit in the convention.

Final arrangements for the gathering are being completed, according to an announcement by Judge Fred Coon of Kansas City, chairman of a sub committee of the state central committee appointed to handle the details.

As yet the program of speakers is tentative, but, according to committee members, the keynote speech probably will be delivered by Roscoe Patterson of Springfield, who, it is understood, is slated to be temporary chairman of the convention.

The question of whether women should be given representation on the "big four" is arousing much interest throughout the state, reports

here indicate. The belief prevails among many Republicans, it is said, that one or more of the delegates at large should be women. Others believe that the four delegates should be from the ranks of the newly enfranchised voters.

With the appointment by the convention of its credentials committee, May 1st, is expected to center upon the matter of settling the claims of contesting delegations. Opposing forces in several districts, including Kansas City and St. Joseph, have announced they expected to carry contests to the convention.

DUNCAN: The chamber of commerce here will give a banquet for visiting stockmen who will be in this city May 13 to attend the Blake shorthorn sale. Prominent stock breeders from all over the country are expected to attend.

## Unusual Value-In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure \$23.50  
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$21.50  
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

The weight of the load is the test of the road. A highway that permits the hauling of only a half ton load is a failure if that highway can be improved to the point where it will permit hauling a ton and a half. When the condition of the highway is such that a farmer is required to make three trips and spend three days hauling his produce to market when one trip in one day would be sufficient on a good road, that road is altogether a failure. Once we were told by a farmer that it took him thirty days to haul thirty bales of cotton to market just because of one mud hole in the road. If that mud hole had been filled up, he could have saved twenty days time in one season. Figure a man and team at five dollars a day and see what impassable roads cost.

Many plans for the reduction of tenantry in the rural districts have been suggested, but no better plan has ever been advanced than the one John Fields is continually advocating in his farm journal. He urges all tenants who possibly can to buy a few acres of land and add to their acreage as they find themselves able. This is a real and efficacious solution of the tenant problem. The state can help the tenant very little, the national government can help him very little more, and after all it is the application of the old proverb, "Providence helps those who helps themselves," that offers the only certain result.

The honorable senate spent an entire day recently in the most caustic denunciation of profiteering in the country. The profiteers should worry. So long as our lawmakers take it all out in talking profiteering will continue. But when the aeolian wonders of the house of lords begin to take corrective action and try to enact remedial legislation instead of blowing their heads off about conditions, the profiteers will know that a day of reckoning has come. They have nothing to fear from legislators who take it all out in talking. What they fear is a body of lawmakers who have the courage to act.

All Americans who denounce Wilson and his program are entitled to all the enjoyment they can possibly get out of the fact that every time congress takes a step to humiliate the president it wins the instant applause of every Junker newspaper in Germany. Such is the result of the activity of "American financial interests" and the "increased participation of German-American citizens."

No doubt supply and demand regulate prices. But why does it cause the price of sugar to be twenty cents at Francis, twenty eight cents at Ada, and forty cents in Oklahoma City.

There is one thing you have got to admit about this late and chilly spring. The potato bugs are the biggest ever seen in Pontotoc County.

We are not worrying about this overall craze, but the Irish potato craze has us going.

Geography teaches that the Sahara desert is the driest place on earth, but somehow or other we doubt it.

Knox as a compromise candidate is all right. Who but a Knox should lead the knockers?

Pawhuska Capital: We lagged over two years in getting into the war. There is a possibility that we are going to beat that record in getting out.

Someone has been 500BPLugO. Shawnee News: Someone has been unkind enough to remark that listening to Hiram Johnson is a reminder that the bull is all there is left to the Bull Moose movement.

Shawnee News: Well, Jimmie Cox carried Kentucky anyway, and there are some of the instructed boys who may break away from the bunch and be for him when the time comes.

Pawhuska Capital: The paroled Illinois prisoner who scaled the walls in order to get back into the penitentiary after three weeks of freedom reversed the usual order, but he had a good reason. He could not stand the cost of living outside.

## WOMEN IN POLITICS WILL BRING REFORMS

Women's entry into politics is likely to bring about many reforms that effect the public welfare. Through their club work they have been able to carry on important investigations that will lead to united effort within party lines, and the democratic women can be depended upon to lead, as always, in efforts that spell real progress.

In New York City recently the subject of tenement house work has been brought up for discussion through surveys made by the Women's City Club and the Men's City Club. During the war, while public attention was diverted from many everyday problems, the number of houses in which piecework is done increased greatly, and according to statistics there are now 16,219 of these tenements in the state of New

York, 15,169 being in the heart of the great city.

It was discovered that among the home-workers were numerous children under fourteen, who helped in pasting dots on veils, in making artificial flowers and in embroidering blouses. In some places, twelve percent of the workers were children. Snap fasteners, now so much in use, are almost entirely the labor of children, who receive 15 cents for snapping twelve gross, while carding hooks and eyes commands 4 to 7 cents per gross of the cards when finished. Tag-stringing, another occupation employing boys and girls, brings ten cents thousand tags.

Conditions Deplorable.

As the families earning these miserable pittances must dwell in the most unhealthy surroundings, much illness was discovered, tuberculosis being prevalent and influenza widespread. While the children work on what their limited capacities permit them to do, the parents are engaged at the making of clothing. Although for years women's organizations have waged persistent warfare against sweatshops, the evil has been so well established that it has not been eradicated.

The two city clubs have outlined provisions to be incorporated in a bill to do away with the use of tenement houses for manufacturing, altering, repairing or finishing "any article whatsoever," and in the future

women, who will be deeply concerned in legislation that will make the world a better place to live in, will think also of their responsibility in the purchase of the garments they wear. They will not buy clothing because it is cheap, omitting to inquire whether little children have been sacrificed in its manufacture.

The democratic party has consistently advocated and supported bills to abolish child labor, and has accomplished much in protecting women in industry. Its record of the past will set a high standard for the future in which it will have the aid of women who can vote as well as work for the eradication of old evils.

### Fishing Interest Lags.

OKLAHOMA CITY, May 5.—Either interest in fishing has lagged in Oklahoma or owners of private lakes and persons living on or near streams do not care for fish with which to stock these waters, according to Ben Watt, state game and fish warden. Few applications for fish have been received, although the state hatchery has offered to deliver them free, said Mr. Watt.

The state hatchery will have 200,000 baby bass to distribute free after May 10. The state will send the fish by messenger to the railroad station nearest the person applying for them.

Oklahoma is Represented. OKLAHOMA CITY, May 5.—Oklahoma will be represented by eleven delegates at the Southern Sociological congress, which convenes at Washington May 9. Gov. J. B. A. Robertson has commissioned the following state delegation: Mr. and Mrs. J. W. Jent, J. H. Fisher and J. A. Walker, Shawnee; Prof. Jerome Dowd, Prof. W. W. Phelan and Dr. F. W. Jackson, Norman; G. W. Austin, Chickasha; Elihu B. Hinshaw and W. D. Matthews, Oklahoma City, and J. B. Eskridge, president of the Southwestern State Normal school, Weatherford.

If you want, what you want, when you want it, an ad in our want column will get it for you.

5-5-2t

Rev. J. A. Lanning, pastor of the Methodist church at Francis, was in the city yesterday.

Mrs. Robert Crudup of the News force has been at her home sick this week. She is reported better today.

T. J. Chambless and W. K. Chaney, cotton men, went to Oklahoma City yesterday afternoon on business.

Walter Goyne left yesterday afternoon for Poteau to bring back a man being held there for the Ada officers.

Chas. L. Orr returned last night from Oklahoma City, where he had been looking after business matters for two days.

Rev. and Mrs. Franklin Davis and children went to Holdenville today to attend a party given by members of the Episcopal church there.

Neal O'Sullivan from Oklahoma City, state agent for the Equitable life insurance company, was in the city today visiting the local agent, Cleveland Hall.

D. C. Abney and J. O. Abney left this morning overland for Union, Mississippi, on combined business and pleasure trip. They will be gone about one month.

R. Sutherland of Kansas City, president of the Sutherland Lumber company, is in the city today visiting the local manager of the company, S. E. Dunham.

Reuben M. Roddie met Rev. C. C. Morris on the street yesterday and approached him something like this: "Preacher, I believe you need a new hat. Come in here," and they went to the Model store. Today Mr. Morris is wearing a beautiful bangkok straw.

The many friends of Whitman Fenster will be glad to know that he has come back to Ada to make his home. Whit was formerly connected with the First National bank of Stratford. He has accepted the place of chief teller with the M. and P. bank at Ada.

Harris Wall Paper and company is putting in two plate glass windows at the Model store today, replacing two windows recently broken. The new glass windows are of the finest material, one of them being the largest in the city. The size of the glass is 96x144 inches. The cost of putting in the new windows is more than \$700.

A very interesting report has reached here from the Okla-Neustadt well, in section 12, 3n-7e in the Ada district in Pontotoc county. The well is reported to be on top of a sand at 3,175 feet that gives promise of making a well. Preparations are now being made to drill in. This is one of the very few deep tests in that country, this acreage was approved by some of the best geologists in the country and if the well confirms the reports it will open up an important field for Pontotoc county.

**MacGregor's Shows Please Large Crowds**

Donald McGregor's shows are great favorites with the people in Ada, judging by the attendance each night. Mr. McGregor says that clean shows will attract the crowds.

The cleanliness of the McGregor shows is attested by the large number of women and children who are in attendance throughout each performance. The MacGregor Shows are among the cleanest that have ever come here and are deserving of the liberal patronage they are receiving.

The attractions are well worth the price of admission. The Scottish Giant is recognized as the tallest and best proportioned man born in two hundred years. He was born in the highlands of Scotland. He appears in the uniform of a Black Watch and plays the national instrument, the bagpipe.

The big show has seven attractions under one cover for the price of one admission. These are the pillory box, the Italian twins, the electric chair, alligators, snakes, monkeys, etc.

The Valley of Death is a woman in a pit with the most deadly reptiles, which is an education to the young and aged.

Hawaiian dancers from far away Honolulu, the gem of the Pacific, are dressed in their native dress and dance their native dances. The Newly-Weds are features.

The smallest man on exhibition is about 29 inches high. His wife, Baby Alma, is the Australian giantess, weighing more than 500 pounds at the age of nineteen.

The athletic shows are entertaining and instructive. Tom Flemming, champion of the middle west, and Kid Kappell meet all comers and agree to give one dollar a minute to all who meet them.

The merry-go-round and the fli wheel are a treat to any city they visit. The mass of light and glory brings you in remembrance to the Biblical story of Joel with his coat of many colors.

The show is high-class in every respect. The people will do well to see this show every night, as there is something new from time to time. (advertising.)

The Murray School of Agriculture will play the local high school Thursday and Friday afternoons at 3:30 on the high school diamond. 5-5-1t.

**Summers Chapel.**  
We are having some real nice weather at this writing.

Some of our farmers have planted some cotton, others are preparing Road Overseer J. W. Coker has been doing quite a bit of work last week. He opened the section line from T. G. Summers' farm south one mile, which added very much to the convenience of the people in going to Ada. He also has done quite a bit of work north of the school house.

at the chapel Sunday night.

Prayer meeting was reported good Rev. Stone failed to preach here Sunday as was announced last week. He went to Happy Land, east of Ada.

J. G. Brand moved to Ada Thursday, and Tom Hightower moved to the place vacated by Mr. Brand.

Several from here attended services at Parrish Chapel Sunday evening.

Miss Georgia Coker visited home folks from Friday until Sunday.

Misses Cleo and Janilou Norman took supper with Miss Esther Coker Sunday evening. They attended services at Parrish Chapel Sunday night.

J. E. White's folks are well with the smallpox but Mr. White reports that his dog has them now. It is rather strange, but it is evidently a fact, they suppose, as the dog broke out just like they did.

Mr. C. Turner built a garage for his car last week.

L. D. Haskins has lost three hogs last week. The cause is as yet unknown.

It will be understood hereafter that there will be prayer meeting at the chapel every Sunday night as George Davidson and L. D. Haskins say they are going to have prayer meeting if no one else comes. So let's everybody be there every Sunday night.

J. G. Stone and L. D. Haskins were in Yeager Wednesday night. Rev. Stone preached there.

A READER.

Center News.

Well, here we come again after some weeks' absence. Health in this community is good at this writing.

Mrs. Josie Vantrease of Sand Springs is visiting Mr. W. Y. Sorrels, her brother, this week.

Miss Alma Sorrels and her cousin, Miss Beulah Vantrease, from Sand Springs, Okla., visited Miss Clemmie Beller Thursday.

Mrs. Della Beller visited her sister, Mrs. Billie Beller, Friday evening.

Mr. Tom Sorrels has in his home a New Edison Phonograph.

Everybody at Center intended to go to the all-day singing at Pickett Sunday, but the rain prevented it.

Quite a big crowd was caught in

the rain Saturday night on their way home from Ada.

W. G. Sorrels and daughter, Miss Alma Sorrels, and Mrs. Josie Vantrease and daughter, Miss Beulah Vantrease, went to Ada Saturday but were lucky enough to get home before the rain.

Everybody can forget the marriage of Mr. Claud Arnett and Miss Lura Loman as it was all a mistake, but we expect to hear it again soon.

Mr. Idis Roberts, the cook at Mr. Frank Beller's, is batchin' alone now, but won't be soon, we hear.

Miss Maudie Sorrels and Mr. Jerry Sorrels were caught out in the rain Saturday evening.

Mr. Jerry Sorrels and wife stayed all night with Mr. W. T. Sorrels and family Monday night.

Word was received from Mr. Gate Roberts at Burk Burnett, Texas. He states he had bad luck. He got his clothes burned up in a fire accident.

Mr. Frank Beller has gone on a visit to the Mexican border.

We had big rain Sunday which did the farmers quite a bit of damage.

Well, Blue Bell is scarce of paper this week.—BLUE BELL.

Oklahoma City Times: One paragraph refers to the abbreviated variety as hooches, although our favorite authority says they are hardly that long.

First Baptist Prayer Meeting  
Tonight at the First Baptist church will be the regular mid-week prayer meeting service. This will also be the regular monthly business meeting. We are exceedingly anxious for a good attendance tonight.

There will be a short devotional service at the beginning of the service and at the close of their service we will attend to some matters

of business which demand attention.

At the close of the prayer meeting hour the ordinance of baptism will be administered. If there is any one who wishes baptism at our hands we cordially urge you to come prepared for the ordinance and we will take pleasure in baptizing you. Clyde Calhoun Morris, Pastor.

Let a Want Ad Get It For You.

**IF YOU KNEW**

That by merely calling one telephone number instead of another you could get better and quicker service, more proficiency and courteous treatment and the personal interest of every workman centered earnestly upon your job would make the change. Certainly you would if you only knew! All right. A little consideration of the difference between our modern plant and an ordinary "shop" will convince you of the actual award of richness that awaits your changing. Tomorrow call 437.

Neal O'Sullivan from Oklahoma City, state agent for the Equitable life insurance company, was in the city today visiting the local agent, Cleveland Hall.

D. C. Abney and J. O. Abney left this morning overland for Union, Mississippi, on combined business and pleasure trip. They will be gone about one month.

R. Sutherland of Kansas City, president of the Sutherland Lumber company, is in the city today visiting the local manager of the company, S. E. Dunham.

Reuben M. Roddie met Rev. C. C. Morris on the street yesterday and approached him something like this: "Preacher, I believe you need a new hat. Come in here," and they went to the Model store. Today Mr. Morris is wearing a beautiful bangkok straw.

The many friends of Whitman Fenster will be glad to know that he has come back to Ada to make his home. Whit was formerly connected with the First National bank of Stratford. He has accepted the place of chief teller with the M. and P. bank at Ada.

Harris Wall Paper and company is putting in two plate glass windows at the Model store today, replacing two windows recently broken. The new glass windows are of the finest material, one of them being the largest in the city. The size of the glass is 96x144 inches. The cost of putting in the new windows is more than \$700.

A very interesting report has reached here from the Okla-Neustadt well, in section 12, 3n-7e in the Ada district in Pontotoc county. The well is reported to be on top of a sand at 3,175 feet that gives promise of making a well. Preparations are now being made to drill in. This is one of the very few deep tests in that country, this acreage was approved by some of the best geologists in the country and if the well confirms the reports it will open up an important field for Pontotoc county.

## FOLLOWING A PRESIDENT IS NOT EASY JOB

By the Associated Press

COLUMBIA, Mo., May 5.—Covering a tour of the president of the United States is an easier job for the newspaper men than doing a everything is arranged in advance for the presidential reporter.

"From the moment he steps on board the special," said Mr. Kinley, "he is under the protection of the sacred circle that surrounds the president. All his hours are arranged. He is given a printed schedule in which he can read just what numbered automobile, just what dinner seat, he will have in a distant city on a certain day.

"A stenographic copy of all the speeches and at wayside stops is given him. He is expected to go everywhere with the president.

"The president is never interviewed in an ordinary way. He talks at times freely and informally to reporters. During his recent tour of the west, the president on several occasions sat down with the newspaper men and told them just what was in his mind on such controversial points as the Shantung clause, the Irish question, the British six votes.

"Of the twenty reporters there no one dreamed of rushing into print with this story. It would have been a good story, a fine scoop, but such things are not done. In Wash-

ington they do not quote a man without his specific permission. The president's purpose was to enlighten the men he had with him so that they might know how to interpret him in the future.

"The late Colonel Roosevelt, during his tours, always waited for the reporters to get into his meetings. In the midst of his talk, when he had sprung a new subject and was about to take up old matter again, he would lean over and say: 'That's all, you can go now boys.' And the reporters felt safe. It is not safe to leave the president. He never uses quite the same language in telling the same story. He musters have to 'put him to bed,' figuratively speaking, every night before they feel safe."

### Pontotoc County Will Elect Only One Man To The Legislature

Under the apportionment bill passed in 1911 Pontotoc County will elect only one representative to the legislature this year. The bill passed by the third legislature apportioned the representatives for a ten-year period, the number elected varying every two years. This county elected only one representative in 1912 and again in 1914, but elected two in 1916 and 1918. This year the county's representation drops back to only one. The legislature elected this year

will be required to re-apportion the state into legislative districts for the next ten-year period. While it would be to the interest of the state to lessen the number of representatives, each county will ask for the largest number possible, and it is not likely that the total number will be reduced.

A stoneless prune which has lately been evolved is said to be particularly delicious.

James Watt, originator of the steam engine, also invented the letter copying press.

Male humming birds are especially pugnacious.

Mountains on the central plateau of Sahara desert are covered with snow three months of the year.

The first inquisition for the blind was established for soldiers stricken in the Crusades.

Italy was never a political unity until the 19th century.

## I AM GLAD TO ENDORSE PERUNA

### Glad to Try Anything

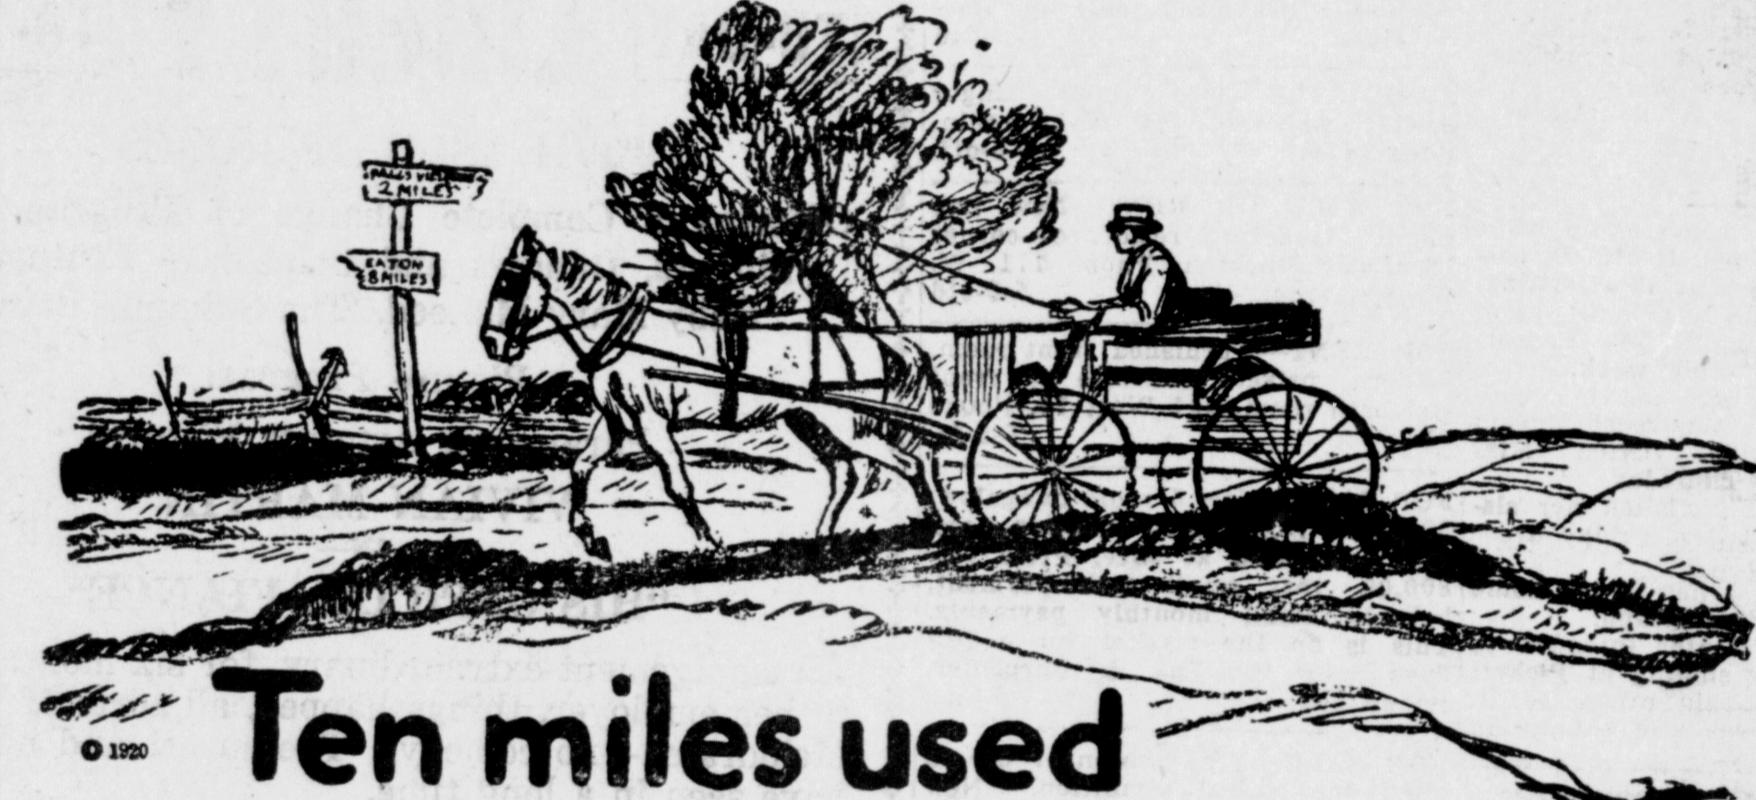

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles helped my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

### Was in a Terribly Run Down Condition

Miss Ricka Leopold, 288 Layco St., Milwaukee, Wis., Secy Liederkranz. Miss Leopold's letter opposite conveys in an uncertain way the gratitude she feels for Peruna.

Liquid and Tablet Form

**Ten miles used to be a long way**

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out *how much it is costing them* to keep a car. And the man who is doing the greatest amount of figuring is the man with the *moderate-price* car.

II

There still seems to be a notion in some quarters that any tire is good enough for a small car.

*That's not what the man who owns it thinks.*

In recommending and selling U. S. Tires we are trying to see *his side* of the propo-

sition—finding out *what he wants in a tire and giving him that.*

III

Large or small, U. S. Tires are built to *only one standard* of quality—the standard that produced the *first straight side* automobile tire, the *first pneumatic* truck tire.

Every tire that bears the name "U. S." is built the *best way* its makers know how. It isn't the car, but the *man who owns the car*, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

-like oranges? Drink ORANGE-CRUSH

THE game over—then a quick, sure putt to a long, cold drink of Ward's Orange-Crush! Good? You bet it is!

There are few golf clubs in which Orange-Crush and Lemon-Crush are not the favorites at the "19th hole." Quality, purity and flavor have won this tribute—golfers drink only the best. There is satisfaction in knowing that all the delicious flavor comes from the delicate, fragrant oils pressed from the fresh fruits, purest sugar, and citric acid—the natural acid of oranges and lemons.
